Russia announces the organization of a Cup of Inline Artistic Skating to be held in the month of June or July 2020 (for European nations only, later they want to extend it to the other continents as well).

4. Urgent matters
There were no replies from the nations to the request of items to discuss.
Italy asks about the proposal of the European nations to insert Quartets Cadets in the Show & Precision Championships. This proposal was not discussed at the meeting of WS ATC with the nations in Barcelona, Spain. However, it is decided that the rule will be reintroduced to WS ATC.

Portugal: the length of the floor at the rink here in Harsefeld is rather small for the skaters in the Juniors and Seniors categories, the request to remove the flowers and chairs will be forwarded to the organization.

5. Any other business
The new rule of WS ATC by which the entry of participants in Senior Solodance Men is restricted to the countries who will also enter a Couple Dance, is being discussed. It is not clear yet of this rule will also be applied to the continental championships. WS Europe would not agree with this.

ARTISTIC SKATING

Seminar for judges: WS Europe has decided to organize another seminar in 2020, probably in the same venue as this year's seminar (Riccione, Italy). This seminar will take place after the WS ATC seminar in Portugal which takes place in Lisbon from 30 January to 4 February 2020.

Judges: this season has made it clear that there is a shortage of judges. WSE recommends to recruit new judges because more people are necessary to cover all the organisations and advises the nations to recruit judges from the former skaters.

Coaches are working very hard to apply to the Rollart conditions, it is not fair to not be able to offer officials to judge the events.

Mrs. M. Brooks closes the meeting, including a big and sincere thank you to the German Federation for the organization here in Harsefeld.
